

WAITING

Wait for the Lord; be strong and let your heart take courage; wait for the Lord.

PSALM 27: 14

Waiting is richly interwoven into our Christian faith and the Bible is full of examples of men and women who waited in faith for God to fulfil His promises.

We all know something of this idea of waiting- waiting for a bus, waiting for an appointment, waiting for winter to pass and Spring to reveal itself, waiting for a vaccination, waiting for Covid to end.

Waiting can pull us out of the present as we long and focus on some future event rather than the experience, the meaning of waiting. God meets us in our waiting, speaks to us, encourages, strengthens and transforms us.

Dear Lord Jesus, help me to step aside from the business of the day, the waiting for things to happen or change or arrive and spend time simply waiting upon you. You have promised that those that wait on You will gain strength and courage. Amen`
